The Yale ERP15VC is a compact electric counterbalance forklift, ideal for use in tight warehouse spaces and indoor environments. Powered by a 48-volt battery, it operates quietly with zero emissions and offers excellent manoeuvrability. Despite its small size, it's capable of lifting loads up to 1.5 tonnes, making it suitable for a range of handling tasks. Operators benefit from ergonomic controls and a comfortable seat, which help minimise fatigue during longer shifts. The ERP15VC is recognised for its reliability, safety features, and efficiency in demanding settings.
