## Purchase Price: £12,050+ VAT

The Yale ERP25VG is a compact electric forklift designed for use in confined warehouse spaces and efficient materials handling. With a capacity of 2,500 kg, it offers excellent manoeuvrability and dependable lifting performance, while remaining energy-efficient thanks to its advanced AC drive technology. Operators benefit from its ergonomic controls and comfortable operator compartment, making longer shifts far less tiring. It's a solid option for businesses seeking reliable, agile equipment without compromising on power or safety.
